

Cover Letter for NEOM

March 17, 2024

Dear NEOM Hiring Team,

I am writing to express my keen interest in opportunities at NEOM, a visionary project that resonates deeply with my passion for innovation and digital transformation. Specifically, I am drawn to NEOM's commitment to revolutionizing the way we live through cutting-edge technologies and sustainable solutions.

With over one year of experience in consulting and digital transformation roles, coupled with a solid educational background in Deep Learning and AI, I am excited about the prospect of contributing to NEOM's ambitious initiatives. Throughout my career, I have had the privilege of working with futuristic industrial enterprises and startups, where I played pivotal roles in developing and implementing digital strategies and innovation initiatives.

One aspect of my experience that directly aligns with NEOM's mission is my involvement in research and publications. As a Ph.D. candidate, I authored several publications in prestigious journals, focusing on the application of AI in areas such as cancer detection. These publications not only demonstrate my expertise in emerging technologies but also highlight my ability to analyze complex concepts and translate them into actionable insights.

Additionally, my experience as an AI Consultant at NMK, an Autonomous Driving Startup, has equipped me with hands-on experience in developing digital strategies and implementing innovative solutions. At NMK, I led initiatives to establish experimental environments and conducted research aimed at developing AI-driven solutions for assisted automated driving. This experience has honed my ability to navigate cutting-edge technologies such as Machine Learning, Artificial Intelligence, and IoT, which are integral to NEOM's vision.

As a strategic thinker with a track record of delivering results in dynamic environments, I am confident in my ability to support NEOM's endeavors in

building futuristic cities and sustainable ecosystems. My analytical, conceptual, and creative problem-solving skills, combined with an entrepreneurial mindset, make me well-equipped to tackle the most complex challenges in areas such as Industry 4.0, Smart Cities, and Digital Transformation.

Moreover, my exposure to the Middle East market and proficiency in English and Arabic position me well to engage effectively with internal and external stakeholders across the region. I am excited about the opportunity to collaborate closely with the dynamic team at NEOM, leveraging our collective expertise to drive impactful outcomes and shape the future of digitalization.

What sets NEOM apart for me is its commitment to innovation, sustainability, and creating a better future for humanity. I am particularly drawn to the opportunity to work alongside some of the most visionary leaders in the industry and contribute to transformative projects that have a lasting impact on society.

In closing, I am genuinely excited about the prospect of joining NEOM and contributing to its mission of redefining the future of living. I am eager to bring my unique blend of experience, skills, and passion to the team, and I am confident that together, we can make a significant difference in shaping a better tomorrow.

Thank you for considering my application. I look forward to the opportunity to discuss how my background and expertise align with the goals of NEOM in more detail.

Sincerely,

Eid Alkhaldi, Ph.D.
